Trade Show Rental Booths That Don't Look Like It.

To help make your exhibiting experience easier and guarantee flexibility during move-in and move-out, we recommend our Perspective Series line of modular rental booths.

These packages offer the convenience of a turnkey experience, without sacrificing quality or design. Choose from a variety of styles that fit your needs, upload your graphics, and select furniture to enhance the space.

Avoid the hassle of coordinating logistics like shipping, setup, tear down, and more. All you have to do is **show up and sell!**

Order today and maximize your trade show investment at The Car Wash Show™ 2026.
